

KEKU *inc.*

You are a wheelchair athlete, his (her) coach or performance adviser, you may...

Wonder if the actual position on the wheelchair give the best performance?

Optimize the position using an adjustable wheelchair on Keku's wheelchair ergometer.

Need a way to implement the interval training or over speed training you always wanted to do?

Train with state of the art methods using predefined or specific training session.

Want to see if a different pushing technique would be better?

Obtain realtime feedback at each push on Keku's wheelchair ergometer.
